Malmö, Sweden

EDUCATION

Grit Academy | Vocational University

Web development with focus on e-commerce (jan 2023 - jan 2025)

With broad knowledge in HTML, CSS, JavaScript, PHP and SQL, I create dynamic and user-friendly websites. I also have experience in implementing e-commerce platforms such as Woocommerce, Wordpress and Shopify.

In addition to technical skills, I have a strong understanding of business development and digital marketing and an agile project management approach.

Stockholms University & Malmö University

Courses in Modern Middle Eastern history: 1500-1920 (2023) and Environmental Science (2022)

Social Sciences Program Polhemskolan

Swedish Upper Secondary diploma (2014 - 2017)

WORK EXPERIENCE

Web Developer and AI Developer

Konovalenko (2024 -2025) Internship

I was responsible for developing various types of bots using OpenAI, as well as creating custom bots tailored to specific needs. Additionally, I completed the development of websites, ensuring they were fully functional, user-friendly, and met the project requirements.

Market researcher

Elis (2023-2024)

I am responsible for contacting customers by phone and conducting surveys to evaluate their experience with the company and its products and services. Followed by systematic collecting and categorization of customer feedback to evaluate customer satisfaction as well as managing of complaints.

Football player

FC Rosengård (2016-current)

Having been a part of a football team for the majority of my life, I've developed skills of teamwork, time management, determination, adaptability and stress management. In 2023, I was part of the squad that moved the team from Swedish Division 2 to Swedish Division 1.
